**Student – Athlete Outside Aid Declaration Form**

Failure to disclose outside awards and financial assistance you have already received or will receive for the upcoming academic year could result in you receiving financial aid in excess of what NCAA rules permit and, thus, jeopardize your eligibility to compete in intercollegiate athletics. If it is determined you received in excess of what NCAA rules permit based on an undisclosed outside award, you will be required to reimburse Texas Tech University the amount you were over-awarded and you will not be eligible to compete until such payment has been made.

As a student-athlete, you are required to disclose all outside (non-university) awards and financial assistance (including pre-paid college tuition plans) that you have already received or will receive for the upcoming academic year. For NCAA Compliance purposes, all such aid must be reviewed in order to determine if it will affect your individual eligibility and/or the grant-in-aid total for your sport.

As stated in the TTU Student-Athlete Handbook, different kinds of financial aid may require your athletic scholarship amount to be reduced. Student-Athletes cannot accept awards from particular sources. Until you supply detailed contact information for any and all outside scholarships, financial aid and/or any outside aid may not be released to you or your account. As a result, you will be responsible for any balance remaining on your TTU bill. Please visit with Ben Montecillo or a compliance staff member for complete details.

*I have provided all additional scholarship and award information to the Office of Student Financial Aid. I agree to provide notice in the event that this information changes.*
